

NICOLAS DUPRÉ

GENERAL ENGINEERING

Dive into the world of a passionate engineer, navigating between football stadiums, skateparks, and running trails. These pursuits shape an adaptable, creative, and challenge-driven professional.

My resume goes beyond a mere list of skills; it tells a tale of an adventure where each project is a step towards innovation. Ready to blend technical expertise with passion, I invite you to explore my unique journey, where engineering comes alive through the thrill of travels and the dynamism of sports.
